

SAT and ACT Test Dates and Registration Deadlines 2019-2020

DHS Testing Code: 110970

How to register for the SAT and/or ACT: You must log into the website, create a username and password, and then click on register and follow the prompts. Please make sure to keep up with your username and password because the counselors do not have access to that information. If you misplace it, you will need to call SAT or ACT to recover that information. Please let us know if you need assistance.

You may want to go ahead and select up to four colleges/institutions to send your scores to when you register for the test. This is included in your registration fee. If you go back to send scores after you take the test, you will be charged an extra fee (about \$10-\$12 per score sent). You have to send scores to colleges from the testing center (SAT or ACT). DHS cannot send colleges your test scores.
